Lori Bata	47% of Canadians admit that they have typed out or used the voice—memo feature to send a message while driving. Sending or reading a text takes your eyes off the road for 5 seconds. At 90 km/h, that's like driving the length of an entire football field with your eyes closed. Want to help prevent this? If you have not already done so, stop by the cafeteria on your lunch to sign a pledge to never drive impaired or distracted. While you are there, try our "drunk goggles" obstacle course and guess how many sour keys are in the jar to win a prize!
Erin Clark	Senior Boys Flag Players please meet in room 206 immediately after announcements for a very brief meeting.
